

# Fall Apple Harvest Tours

September 14 to October 9, 2009

Come on out to Devins Orchards this fall and enjoy the flavour and fun of an olde country apple orchard. Learn about life on an apple farm located just minutes from Toronto. We know you'll have a great time!

Our Fall Apple Harvest Tours teach children about the work that goes on at an apple orchard, including conservation and environmental practices. Each guided tour includes a wagon ride, apples for the group and apple cider and honey for tasting later. After the tour enjoy a visit to our Country Store.
